Bridge Crane Girders & Trolleys

195' Long x 12'Wide x 18'Tall
Weight: **360,000lbs**

GRT was contracted to replace two aging bridge cranes with new.

One aspect of the contract required GRT to transport all crane components from the fabrication yard in Tampa Fl to an undisclosed government facility on the eastern seaboard of the United States.

This aspect include turnkey land and marine transport.

Contact us for a full run down of GRT's Project Cargo experience.

Bridge Crane Girders
Barge Loading

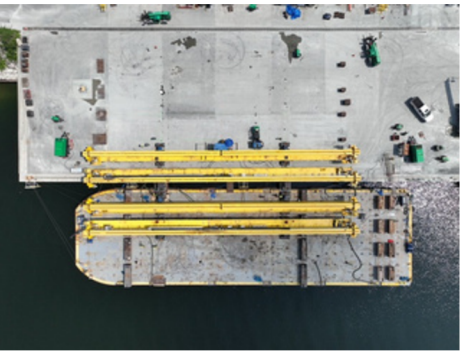

195’ Long x 12’Wide x 18’Tall
Weight: **360,000lbs**

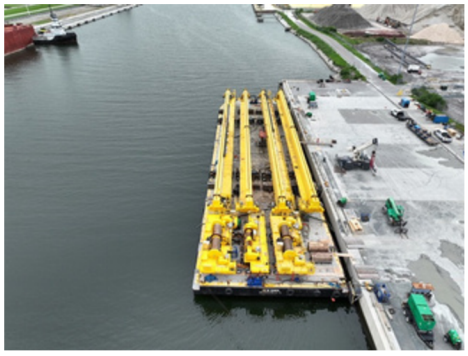

Crane Train:
